

ROBOWATCH

THE TOTAL SECURITY SOLUTION

1.0 General statement of policy

It is the policy of Group Two Ltd to comply with the terms of the Health & Safety at Work etc. Act 1974 and subsequent legislation, and to provide and maintain a healthy and safe working environment. Group Two Ltd's Health & Safety objective is to minimise the number of instances of occupational accidents and illnesses and ultimately to achieve an accident-free workplace.

All employees will be provided with such equipment, information, training and supervision as is necessary to implement the policy and achieve the stated objective.

Group Two Ltd. recognises and accepts their duty to protect the health & safety of all visitors to the company offices and whilst on site, including contractors and temporary workers, as well as our customers and any members of the public who might be affected by our operations.

While the Directors of Group Two Ltd, will do all that is within their powers to ensure the health & safety of it's employees, it is recognised that health & safety at work is the responsibility of each and every individual associated with the Company. It is the duty of each employee and sub-contractor to take reasonable care of their own and other people's welfare and to report any situation which may pose a threat to the well being of any other person.

The Directors of Group Two Ltd, will provide every employee with the training necessary to carry out their tasks safely. However if an employee is unsure how to perform a certain task or feels it would be dangerous to perform a specific job then it is the employee's duty to report this to their supervisor. An effective health & safety programme requires continuous communication between workers at all levels. It is therefore every worker's responsibility to report immediately any situation, which could jeopardise the well being of himself or herself or any other person.

All injuries, however small, sustained by a person at work must be reported. Accident records are crucial to the effective monitoring and revision of the policy and must therefore be accurate and comprehensive.

Group Two Ltd's health & safety policy will be continually monitored and updated, particularly when changes in a scale and nature of our operations occur. The Policy will be updated at least every 12 months.
